MINISTRY OF HOUSING AND URBAN AFFAIRS
NIRMAN BHAWAN, NEW DELHI-110011

F.No. K-14012/101(01)/2019-SC-Desk-IV   Date: 16 July 2024

Dear Industry partner,

With the goal to improve the delivery of urban services and strengthening the national urban digital ecosystem, the Ministry of Housing and Urban Affairs (MoHUA) is implementing the National Urban Digital Mission (NUDM). One of the components under the NUDM is to digitally monitor key urban services and leverage the generated data for analytics to facilitate data-driven decision-making at the State level.

2.   In this regard, an Industry Consultation is being organized on **August 6th and 7th, 2024 at India Habitat Centre, Delhi** which aims to discuss advanced, reliable, and affordable sensor technologies that seamlessly integrates with existing urban infrastructure and enables advanced analytics by ingesting data from multiple sources to support state-level monitoring, undertake performance measurement, conduct predictive analysis for data driven decision and policy making.

3.   Considering your extensive experience in the ICT/ICCC domain, your presence and inputs shall be invaluable in this industry consultation.The workshop will accommodate a maximum of three representatives **(CEO, CTO, Business Head, Senior Levels)** from each firm, responsible for covering their own travel and accommodation expenses. All participants must register using the link https://forms.gle/JhoHVmRUSdLjEuj9A latest by **July 26th, 2024** to facilitate seamless logistical arrangements for the consultation. The agenda has been enclosed for your information.

5.   You may reach out to Manpreet Singh at manpreet@niua.org and Aditya Jain at smartcity-mohua@gov.in for any query regarding this subject.

With Regards,

Encl. As stated above

Yours faithfully,

(Sanjay Gupta)

Registration Form for India Habitat Center, New Delhi:

Annexure I: Tentative Agenda for Industry Consultation
